EMPLOYMENT

VISUAL DESIGNER | NEW YORK, MAR 2009 - PRESENT

LIMEWIRE

Defining visual look and feel of music service application. Wireframing concepts and designing logos, original iconography and controls. Creating style guides and authoring purchase flows.

WEB DESIGNER | LONDON, NOV 2007 - JUL 2008

SONGKICK

Created wireframes, designed visuals and coded HTML/CSS for website, widgets, and web applications. Authored user test scripts and questionnaires and moderated user tests.

DESIGNER | NEW YORK, APR 2007 - NOV 2007

GETTY IMAGES

Project managed the redesign of Contour by Getty website. Created and presented wireframes and page flows. Improved efficiency by developing a library of simple to use templates (hand coded with ActionScript and XML) with documentation.

DESIGNER | NEW YORK, SEP 2005 - APR 2007

MEDIAVAST

Designed and developed custom webpages for entertainment events, for example, Academy Awards, MTV Video Music Awards, and Fashion Week. Initiated process improvements such as cross-platform email designs and created HTML/CSS skinning templates.
